

THE CHARLEROI MAIL

VOLUME XXII—No. 3

CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, WEDNESDAY, JUNE 8, 1921

TWO CENTS

PROSPECTS AGAIN BRIGHTEN FOR SPEERS-COAL CENTER ROAD

Order Issued Abolishing Crossings between Allen- port and Speers

MUST FILE INDEMNIFYING BOND

Affairs are again shaping up more favorably for the Speers-Coal Center road. As furnished by Roy I. Carson, Esq., the Public Service Commission has again issued an order abolishing the four crossings on the proposed highway, two in Dunlevy borough and two in Allen township, the order providing as follows:

Be it ordained: That the existing four crossings at grade of State Highway Route No. 268, over the tracks and right of way of the Pittsburgh & Charleroi Street Railway Company, respondent, (operated by the Pittsburgh Railways Company) two thereof in Dunlevy Borough, designated in the foregoing report as Crossings Nos. 2 and 3, and two thereof in Allen Township, designated in the foregoing report as Crossings Nos. 4 and 5 all in Washington County, be and the same are hereby abolished in accordance with the plans submitted by the State Highway Department and filed of record, which said plans are hereby approved.

It is further ordered: That all land within the lines of said relocated state highway, as shown on said plan, be and the same is hereby taken and appropriated for the purpose intended.

It is further ordered: That State Highway Route No. 268 between Crossings 2 and 3, in Allen Township be and is hereby relocated along the east side of the tracks of respondent street railway company, as relocated in conformity with said plans.

It is further ordered: That one-half of the costs and expenses of constructing the relocated highway between crossings Nos. 4 and 5, and the grading and draining of the roadbed for the relocated street railway tracks between crossings 2 and 3, and 4 and 5, all of which work the State Highway Department has consented to do, shall be borne by the County of Washington and paid to the State Highway Department when and as certified by the Public Service Commission.

It is further ordered: That the Pittsburgh & Charleroi Street Railway Company, respondent, (operated by the Pittsburgh Railways Company) shall, at its own cost and expense, relocate and construct its tracks and overhead system on the right of way provided for it along the west side of the state highway between Crossings 2 and 3, and 4 and 5.

It is further ordered: That all damages arising on account of the taking of any property necessary to relocate State Highway Route No. 268 between Crossings Nos. 2 and 3, including any damages which any adjacent property owner may lawfully claim, shall be borne and paid by the Borough of Dunlevy.

It is further ordered: That all damages arising on account of the

taking of any property necessary to relocate State Highway Route No. 268 between Crossings Nos. 4 and 5, including any damages which any adjacent property owner may lawfully claim, shall be borne and paid by the Township of Allen.

It is further ordered: That the work of abolishing the grade crossings herein involved be fully completed on or before September 1, 1921.

One feature yet remains to be adjusted, and that is the indemnifying bond, which the commissioners say, was promised by the old Charleroi Board of Trade, and which they now expect the Chamber of Commerce to provide.

The State Highway Department has notified the county authorities that provision must be paid for the payment of all costs and damages in connection with his proposed highway before the bids for the improvement are asked for, and now the county commissioners are coming back on the Chamber of Commerce for the indemnifying judgment bond, which they say is the usual form, before it will give assurance to the state of the payment of costs, damages and expense of securing the necessary rights of way.

However, the Chamber of Commerce has taken steps to bridge the difficulty, and is endeavoring to secure a surety bond from a bonding company, if it is acceptable and the expense thereof is not too great. This bond would be a guarantee to the county that the municipalities and townships through which this highway passes would pay the amount assessed against them for damages.

Costs and expenses incidental to securing the rights of way and for any damages that might result because of the construction of the highway.

Just now the bond is the thing, for once it is filed with the county commissioners, the county officials will notify the State Highway Department of its guarantee, and bids would at once be advertised for. It is hoped to have this phase of the situation completed shortly and then the matter will be up to State authorities.

ZIPPAY POST TO HOLD MEMBERSHIP CAMPAIGN

Michael Zippay Post, World War Veterans, of Charleroi, held a very interesting meeting Friday evening, June 3, in the borough building. Very important business was taken up in reference locating this organization in Charleroi. It was decided to begin a membership campaign, starting June 4 and ending July 4, and members of the organization request the presence of all former service men at all meetings of the Post. Meetings will be held by the Post every Friday evening during the period of the present campaign.

The entertainment to be given by the Turners for the benefit of the Charleroi fire department will be held Thursday evening, June 9. The firemen hope to realize quite a handsome sum from this performance.

Born—To Mr. and Mrs. John P. Brown—a son, John Charles.

Will Make "Dollar Day" A Semi-Annual Affair

The Merchants of the Chamber of Commerce at their meeting last evening, which was presided over by Paul Kimmitt, decided to make "Dollar Day" a semi-annual affair, to be held for two days in August and February of each year. The first of these Dollar Days will be held on August 11th and 12th of this year. It was unanimously decided that every merchant of Charleroi would be called upon to take some part in this most important event, and that "Dollar Day" would mean a revival in the midst of a dull season such as comes in August and February. Various phases of advertising were discussed, such as posters, street car and newspaper advertising, show window displays, etc., and W. C. Clark was appointed chairman of the committee on the committee on advertising.

The merchants are to finance the advertising and whatever other expense accrues in connection with the "Dollar Day." J. D. Schaefer was appointed chairman of the Finance Committee with the privilege of naming others to assist him. A Committee was appointed by the merchants to see the West Penn Electric Company about getting flat rates turned on in accordance with the new time. The committee named consists of Messrs. Schaefer, Kimmitt, Rosenbloom and Clements.

A Committee consisting of Messrs. Tweed, Atkins and Stevenson was appointed to appear before council, which they did last evening for council was still in session, to get the streets properly sprinkled, as there has been much complaint about the dust in the business part of the town.

WOUNDS BURGLAR; BUT HE ESCAPES

John DeLorenzo, who resides at 734 Thompson avenue, Dunlevy, shot and is believed seriously wounded a burglar in his bedroom early Tuesday morning. The intruder, however, escaped and carried away with him \$350 which he had succeeded in extracting from DeLorenzo's trousers before being discovered.

DeLorenzo was awakened about two o'clock in the morning by a noise in his room. He was about to leap out of bed when a flashlight was turned upon his face. Though blinded by the light he managed to leap from his bed and seize his revolver which he had left on a dressing table near his bed. He fired two shots in rapid succession and the intruder bear a retreat, at the same time returning DeLorenzo's fire. Through a stairway into the basement the robber escaped and from there made his way into a back alley. He left behind a trail of blood which was easily followed for some distance where all trace was lost.

SOLDIER'S FUNERAL TO BE HELD ON SUNDAY

Funeral services for Corporal Geo. Vernon Ford, whose body arrived from France last Saturday, will take place Sunday afternoon, June 12, from his late home in New Eagle. A guard of honor will be furnished by Company A, 110th Infantry of which the deceased served while in France. On Sunday the Company, as well as the Monongahela Post of the American Legion will take part in the exercises.

Strawberry, ice cream and cake festival Thursday evening, June 9th, Lincoln avenue, in front of M. E. church. Tickets 25 cents. Zananna Bible class. 3-12.

WILL CELEBRATE FEAST OF WEEKS

Shabbath, which is the Hebrew for the feast of Weeks, will be observed in all congregations of the Jewish faith, Sunday, June 12, and in more orthodox synagogues on Sunday, and on Monday, June 13. The festival is one of the three pilgrim feasts which were observed in ancient Biblical times when the inhabitants of ancient Palestine made pilgrimages to the Holy Temple at Jerusalem, and there in numbers vast sang praises unto the Lord for His mercies which endure continuously. In those days the ceremony consisted in the offering of the first fruits and grains of the field and were brought as a thanksgiving token for the new crop that was being harvested. (Deut. XVI 10.)

This feast of the first fruits, like other ancient pilgrim festivals was gradually transformed and invested with a more spiritual significance, particularly after the Jewish people developed a historical consciousness. In later periods of their existence the Jewish people linked historical events with those institutions and festivals that were transmitted from remote ancestry. In the case of the Feast of the Weeks the giving of the Decalogue was associated with the feast of the first fruits, thus investing the feast with spiritual content. In this spirit it will be celebrated on the coming Sunday.

VACANCIES FILLED BY COUNCIL AT REGULAR MONTHLY MEETING

TO PLAY CHURCH LEAGUE GAME THIS EVENING

The Washington Avenue Presbyterian and Methodist Episcopal base ball teams of the church league will play this evening at 6:30 at the ball park, instead of Friday evening. The First Presbyterian and the First Christian teams played last night, the First Presbyterians winning by a decisive score.

TRAGIC DEATH IN AUTO ACCIDENT

State police are being urged to speed up their campaign against reckless automobile driving in Fayette county, and although several hundred names have been turned in for violation of the motor vehicle laws, the reckless speeding over rural and mountain roads must be curbed, the general public is demanding. An example of the thing that must be broken up took place Sunday evening last near Somerset, 20 miles east of Uniontown, resulting in one of the most tragic deaths of the year.

Shortly after 8 o'clock that evening a car containing W. E. Craig, of Washington Court House, O., and his daughter, Thelma Craig aged 17 years, was forced off the National Pike and badly wrecked on Humbertson hill, two miles west of Somerset. The Craigs were driving east to reach Addison for the night. They were enroute to Philadelphia on a motor trip promised by Mr. Craig to his daughter for graduating from the high school with high honors.

The Craig car was practically forced off the road and struck a glancing blow from a big touring car coming west at high speed up the hill. The smash shot the Ohio car into the ditch, turning it over, wrecking the car completely and pinning Mr. Craig and his daughter underneath the ruins. The car that caused the wreck kept right on, paying no attention, according to report from Somerset.

Had it stopped the life of the Craig girl might have been saved. Mr. Craig and his daughter were under the car in the ditch, filled with water from a recent thunderstorm. Both were pinned so fast by wreckage that they could not move. "Father, help me, I'm drowning, moaned the girl as she found herself held fast in the rushing water which was lapping up over her face. Even the frenzied efforts of the father in his desperation failed to move the wreckage and he was forced to writhe helpless while his daughter strangled. She was dead when the next car stopped and lifted up the wreckage. Mr. Craig was but slightly injured.

Mrs. Robert Wood of Cadiz, Ohio, accompanied by her two sons, William and Robert, Jr., is visiting at the home of her father, W. M. Darby, Fallowfield avenue.

Geo. Newton Chosen Borough Clerk and John H. Frye Member Council

ROUTINE BUSINESS DISPOSED OF

Possibly the most interesting feature in connection with the regular monthly meeting of the borough council Tuesday evening, was the election to fill the vacancy in the office of Borough Clerk, which has existed since the 5th of April, the day of the death of former clerk Ira L. Nickerson.

The election took place after all routine business of the evening had been disposed of, and resulted in the choice of George Newton, who has been serving as a member of council, to fill the vacancy for the unexpired term. Mr. Newton, on being informed of his election, immediately tendered his resignation as a councilman and John H. Frye was chosen to fill the vacancy caused by Mr. Newton's resignation. The vote in both instances was unanimous.

When council convened all members were present except Mr. Van Voorhis, and a large amount of routine business was disposed of. H. L. Swickey, representing the playground committee of the Chamber of Commerce, appeared before council and in purchasing equipment for two playgrounds. This appropriation to be made in connection with the Chamber of Commerce and the School Board. After some discussion council authorized an expenditure of \$400 from the borough funds.

A petition asking for a grade on Cherry alley between Seventh and Eighth streets was presented and referred to the street committee.

A petition asking for the relocation of Round street, in what is known as the "Cherry Garden Farm" plan, was presented by Paul Trnavsky, and referred to the street committee.

James Stevenson, chairman of the merchants' committee of the Chamber of Commerce, was present, and made a request of council that the streets be sprinkled oftener during the summer months in order to keep down the dust. The request was referred to the street committee.

The police committee made a report that it had in contemplation a revision of the schedule of the working hours of the police. Burgess Woodward is to present the schedule to the committee which is empowered to take action.

A petition to grade, pave and curb Meadow avenue, between Seventh and Gar streets, was presented and referred to the street committee.

A petition to grade Luella avenue, between Second and Third streets, was also presented, but it was referred back to petitioners for more signatures.

A communication was read from the office of the Secretary of Internal Affairs, calling the borough's Continued on page four.

CARRYING ON.

Carrying on is not a thing on. Simply to exist, even under difficult circumstances, is not particularly admirable. But to exist and smile through suffering, and distribute blessings along life's common way, and even from a sick bed to set in motion the force of a gladdening example, is praiseworthy and is worth a great deal to all of us, for we commonly get much to our inspiration from the demeanor of others.

A writer said the other day, "When ever I sit down pen in hand to tell a story I am straightway beset by numera ble aches and pains I feel as though I were afflicted with the symptoms of all the disease. Just when I want to be my best and when I call upon my brain to shine its fullest and most brilliant exercise, I feel miserable and dull, and I have to fight my laggard wits to keep them on the go at all."

"A famous singer said, 'It is a wonder I am doing well this evening. The orchestra is as the roar of the sea in my ears; the audience like dancing specters upon the sea. I have the grippe and high temperature. Only my will power enables me to appear at all. I won't give in.' Yet that singer was doing the best work her listeners had ever heard her do."

The men who fought for us over there did not ask themselves how they felt at the zero hour when the command came to go over the top. They obeyed orders. Many of them came of the carnage so badly crippled that they would have had every excuse for saying: "Let me sit and wait for death; I can do nothing. I am no good." But they would not. Having been soldiers in war they have determined to fight down weakness and weariness even as they faced and overcame the foe amid the shells and poison gas.

In each of us is a battlefield on which the spirit either surrenders and hauls down the flag in craven capitulation, or stands firm and gives battle to the end in hope of victory.

GOOD AND BAD "RISKS"

Students of life will be interested in an interview with Frederick W. Withey, of the National Surety Company of New York, on the "risks" preferred by his company. It is no surprise to hear that fat men are regarded as better risks than lean, for since Shakespeare gave the murderous Cassius a "lean and hungry look" hardly a fat villain has appeared in the whole range of fiction. Count Fosco in "The Woman in White" being the only exception that comes to mind. Nor is it surprising to find married men preferred to bachelors, for it is obvious that wives and children tend to keep men in the straight path. What is rather unexpected is the statement that profane men are considered better risks than others; they give vent to their "cussedness" in "cussing," it is explained, and because of this habitual safety-valve they are rarely inclined to appropriate other people's money.

For honesty as aracial trait Mr. Withey gives first place to the

Chinese, attributing it to the death penalty for theft in China during past ages. The English-speaking race is ranked next in dependability. As between men and women, statistics show, he says, that the latter have a much higher percentage of honesty. Surprisingly he asserts that the "crank" or "nut" is an "excellent risk," but confirms common experience when he advises: "Beware of the sleeve suave, only person who agrees with everything that is said and rarely if ever expresses an opinion of his own." The very best risk of all, it appears, is "the man who saves."

The Germans began their trials of war criminals with a sergeant and have got as far up as a captain, but it is not likely that the generals and field marshals expect to be called. Yet the big brutes were more to blame than the little ones.

The prediction that "the end of the business depression is at hand and that prices will soon be on the upward trend" may encourage producers but will not bring joy to consumers.

That curious story that Carpenter's ring victories are not due to his "hypnotic eye" must have originated among Demsey's friends by way of preparation for a possible defeat.

A classified ad. will rent that vacant room.

RETURN OF FIVE CENT LOAF SEEMS TO BE NEAR

Return of the five cent loaf of bread is a near possibility throughout the United States. Secretary of Agriculture Wallace said on Monday. "The average value of wheat needed to make a one-pound loaf of bread is now one and seven-tenths cents," said Wallace. "The average retail price of loaf of bread throughout country is 10 2-10 cents." The secretary said the chief factors in the way, of the 5-cent loaf at the present time are high freight rates and high wages. When these factors are readjusted there will be no further justification for the failure of the five-cent loaf to appear.

NORTH BELLE VERNON BANK IS ORGANIZED

The Peoples National Bank of North Belle Vernon was organized Friday night last at a stockholders' meeting. Thos. Brown was elected president, with Charles Meloyzer and Hugh Price, vice presidents. T. S. Adams, of Franklin, Pa., was elected cashier. The new bank is capitalized at \$100,000.00 and the stock has all been subscribed for, and is held by the people in the immediate community. It is expected the bank will be opened for business within a few weeks. Mr. Adams, the cashier, who is connected with the Monessen Trust company, will assume his new duties upon the opening of the institution.

HEAVILY FINED FOR SELLING LIQUOR

Alex. Melosky, of Coal Center, upon a plea of guilty to selling liquor illegally, was on Monday in the Washington county courts sentenced to pay the costs, a fine of \$500 and undergo imprisonment in the county jail for three months. He was formerly connected with the Owls Club of Coal Center. There was some falling out between Melosky and some of the members. Subsequent to that, he was prosecuted by members for selling liquor without a license.

EMBRACERY CASES IN FAYETTE COUNTY

The June term of the criminal court of Fayette county opened at Uniontown on Monday. Over 200 cases are listed for trial, among them being the embrace charges against E. N. Newcomer, Logan Rush, Malcolm Ferguson, Edward Layton and Mr. Franks. The presentation of testimony that led up to these arrests and charges were made at the time, a number of liquor cases were on trial at the March term of criminal court in that county.

ANNUAL PICNIC OF THE GOTHIC CLUB

The annual picnic of the Gothic Literary Club on Tuesday was greatly enjoyed by the members, who made the trip to the Abbot farm in automobiles, leaving here about one o'clock. The afternoon was spent in games and sports, after which the club members partook of a picnic dinner. About dusk the return journey was made and all pronounced the outing as one of the most enjoyable ever held by the Club.

FORD CAR PRICES AGAIN REDUCED

The Ford Motor company on Tuesday announced another reduction in the list price of all types of Ford cars and the Ford truck, to take effect immediately. The reductions range from \$35 to \$50. Ford tractors are not reduced. Wages of the Ford workmen, it is said, will not be reduced.

Mrs. Mary Burvan and granddaughter, Margaret Reese, spent the week end in Duquesne with the former's sister who has just arrived from Europe.

At The Coyle Theatre
William Gillette's "Held by the Enemy," a powerful story of old days in the South, will be seen at the Coyle theatre, Thursday and Friday evenings of this week. The scene of this story is laid in a southern town, captured by Federal troops in 1864 and the scenes and incidents in the plot revolve around the Hayne mansion, where Mrs. Sarah Hayne, a widow, and her two nieces, Rachel Hayne and Emmy McCree, occupy the home with their negro servants. The plot in the play revolves around Rachel Hayne, whose husband, Captain Gordon Hayne is in the Confederate army, Col. Prescott, a Federal cavalry commander and Brigade Surgeon Prescott. The plot is cleverly interwoven with the stirring scenes of war, and which finally ends happily for the leading characters.

The Price of the Grant Six was Reduced Months Ago

The Grant Six was one of the first cars whose price was adjusted to lower levels. Several months ago the price was reduced from \$1750 to \$1550. Since that time over \$100 has been added to the car in tangible value. The Grant Six today is at least \$300 lower than it was last fall and we believe it is as fine a car as can be built for the money.

There cannot be and there will not be any further reduction in the price of the Grant. Those who judge from the standpoint of value offered rather than price asked, do not expect the Grant to be sold for less.

The class of owners to whom the Grant appeals is more interested in a car that offers unusual value at a moderate price than they are in a cheaper car just because it is cheaper.

The Grant Six is built for precisely this class of buyers.

Should any further saving be possible in producing the Grant Six, that saving will be put back into the car in added value.

This policy made the Grant Six one of the first to adopt cord tires as standard equipment. This policy added snubbers to all cars without extra charge. It made adjustable steering wheels, and sun and rain visors standard equipment on all closed models.

This policy of building a better car rather than a cheaper one has added more than \$100 worth of value to it since the price was reduced \$200 and the sale of Grant Sixes has steadily increased in vindication of this policy.

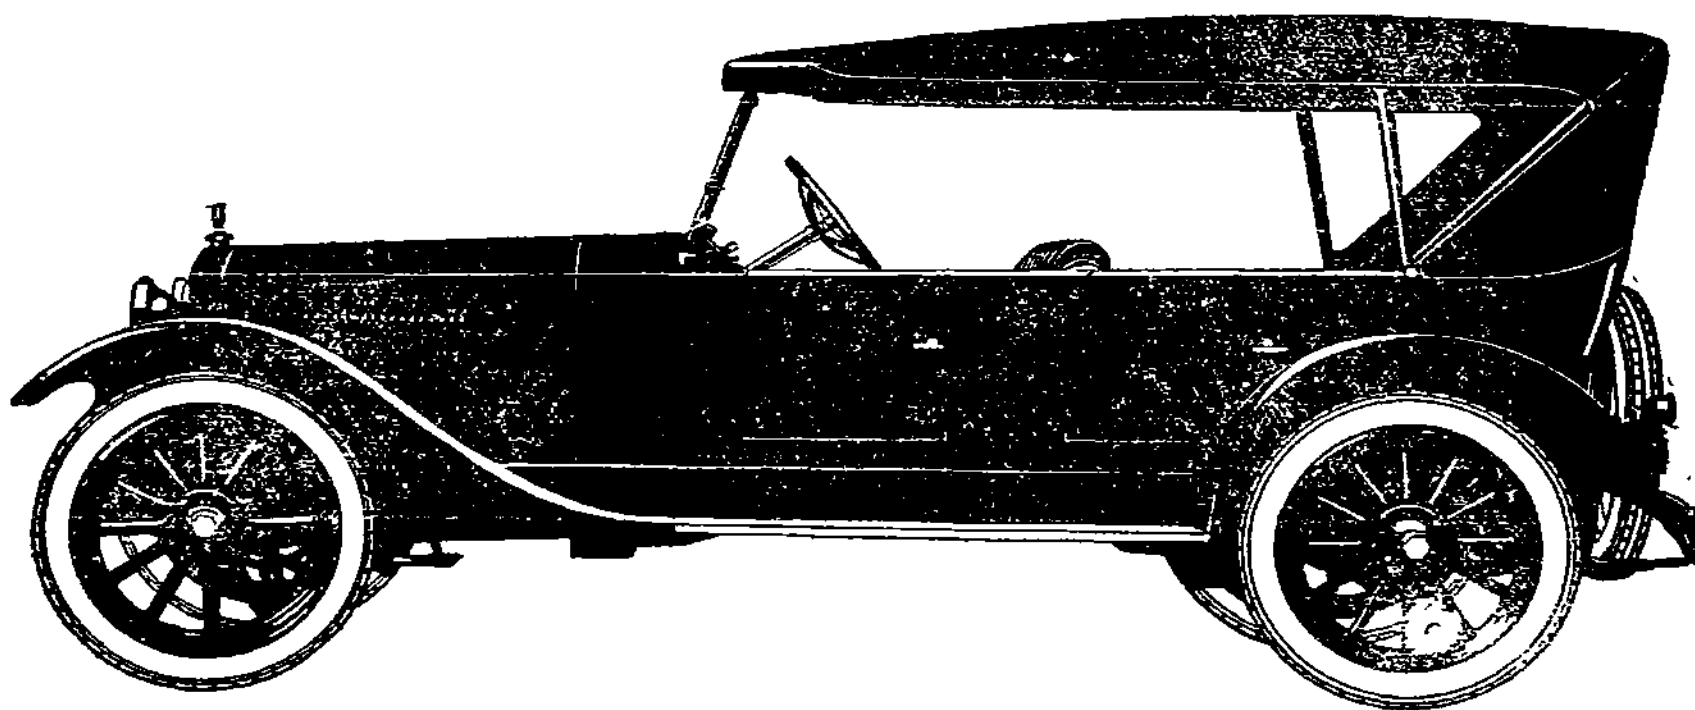

In many sections dealers have exceeded their quotas by 100 to 200 per cent. In practically every important center the number of new Grants on the streets has been a matter of comment.

The Grant Six sells itself whenever it is accorded an impartial test and comparison. It is easily conceded to be one of the finest looking cars on the road and its performance has proved a revelation to those who have ridden in it for the first time.

In the present lowered price market, a car of Grant quality at \$1550 is a distinctly good buy.

The Old Dollar is Coming Back

Reports from various parts of the country indicate that the dollar is staging a come-back, with a promise of gradual return to its old-time purchasing power.

This is welcome news for all of us who have been wrestling with the cost-of-living problem.

It is welcome news also for the many people in this community who are saving wisely the time when the dollar will buy a full dollar's worth again.

"KEEP ON SAVING" is our advice. The old dollar is coming back.

VACANCIES FILLED

Continued from page 1.

attention to some provisions of the workmen's compensation law. It was referred to the borough solicitor. A communication was also received from the State Department of Health, with reference to sewer extensions, asking for a report on all such additions that had been made since 1916. The communication was referred to the borough engineer. This closed the routine business, after which the election of borough clerk, and councilman to fill vacancies took place.

OLD AGE, HIS MARK!

Oliver Wendell Holmes, in the charming discourses of "The Professor at the Breakfast Table," refers to an unmistakable sign of old age. It is three parallel lines between the brows. We can detect the first traces of disease by signs just as plain. When a woman suffers from backache, nervous depression, dragging-down pains and those ailments peculiar to women, it is plain that she needs a woman's medicine. What other medicine could she more wisely resort to than Lydia E. Pinkham's Vegetable Compound, which for half a century has proved the natural restorative for these troubles?

Stockdale School Board desires a principal (male) for next term. Nine months term. For interview, write immediately to Harry Pentland, Secretary, Stockdale, Pa. 3-t4

In the extent of its anti-negro feeling Tulsa, Okla., seems to have tried to equal similar performances in Chicago and Omaha.
